Light Rail Utility Relocation – Apache Waterline Project Scheduled to Begin Mid-September

The City of Tempe Water Utilities Department would like to thank you for your continued patience while we conduct necessary water and sewer line utility relocation to prepare for the light rail project.

DORSEY STORM DRAIN PROJECT: The Dorsey Storm Drain Project was completed in July, in time to respond to the City's storm drain needs in that area.

RURAL-LEMON-TERRACE PROJECT: The Rural-Lemon-Terrace water and sewer line improvement project is nearing completion, and should be completed by mid-September.

MCALLISTER SEWER LINE PROJECT: Work is scheduled to begin on ASU's Tempe Campus to replace sewer lines along McAllister Avenue from University to Apache Blvd.

As part of this project, sewer lines will be replaced on Apache just west of Rural to Normal. This is scheduled to begin in December and end in January 2006.

APACHE WATERLINE PROJECT: The Apache Waterline project is scheduled to begin in mid-September. This project will consist of replacing waterlines along Apache Boulevard from Mill Avenue to Price Road.

The first phase of the project begins at Terrace Rd heading East to Price Road, and is scheduled for September 2005 thru January 2006.

The second phase of the Apache Waterline project begins on Apache Blvd at Rural Road and heads West to Normal. This construction is scheduled for January-February 2006.

The portion of the project from Normal to Mill is not yet scheduled. The contractor for these projects is Achen-Gardner Engineering.

Thank you for your patience during this construction, which should allow additional utility relocations for light rail to proceed more smoothly.

We Invite You to a Neighborhood Meeting!

If you have questions, comments, or would like additional information, we invite you to attend a neighborhood meeting to discuss project details.

This neighborhood meeting will be held Wednesday, September 7, 2005, at 6:30 pm, at the Holiday Inn, 915 E. Apache Blvd, Tempe.

If you are unable to attend, but would like more information, feel free to visit the City of Tempe website at www.tempe.gov/water or contact us at 480.858.2175.

Periodic project updates will continue to be included on the website and provided to the neighborhood to keep you current on our progress.

We sincerely appreciate your patience during this construction.

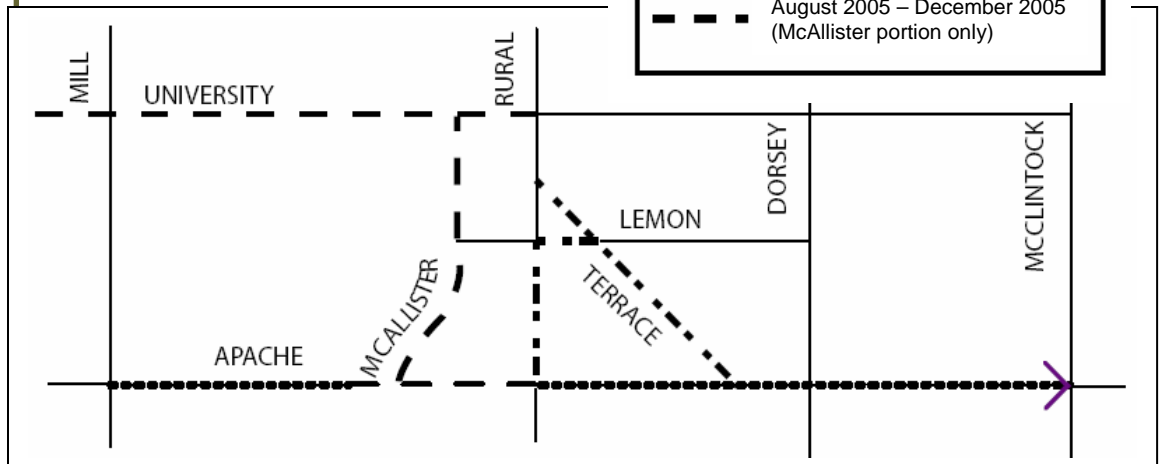

Tentative Construction Schedule

UPCOMING PROJECTS:

- Replacing water and sewer lines along University from Mill Ave to Rural Rd. The construction schedule for this project has not been determined.

This map shows the timing and location of construction for the utility relocation projects.

■ ■ ■ ■ April 2005 – August 2005
..... September 2005 - Feb 2006
- - - August 2005 – December 2005 (McAllister portion only)
